

About PremaNature

We are a company that produces natural wellness products in connection with traditional ashrams. We are committed to using only the highest quality, natural raw materials and source our ingredients from local producers whenever possible, ensuring that our products support sustainable agriculture and local economies. We believe in honouring human values in the workplace and utilizing traditional manufacturing processes.

We use theertham, which is sacred water, to make our products. It carries positive energy and can help to energize your home. Our research efforts are solely focused on creating natural products. Our customers deserve nothing but the best, therefore we spare no effort in ensuring that our products meet the highest standards of quality and efficacy.
